#### Things you need to know

Loan to value ratio (LVR) is the total amount you have borrowed for your loan as a percentage of your property value.

Interest Only period switches and extensions can be requested in both years and/or months via selected processes. The reference rate applicable for an Interest Only period applied in years and/or months will be the same as the Interest Only reference rate applicable to your loan type. Talk to your lender for more information.

Comparison rate for CommBank Green Loan calculated on a \$30,000 secured loan over a 5 year term. Comparison rate for all other loan types calculated on a \$150,000 secured loan over a 25 year term. WARNING: Comparison rate is true only for the examples given and may not include all fees and charges. Different terms, fees or other loan amounts might result in a different comparison rate. Comparison rates for variable Interest Only loans are based on an initial 1 year Interest Only period. Comparison rates for fixed Interest Only loans are based on an initial Interest Only period equal in length to the fixed period. During an Interest Only period, your Interest Only payments will not reduce your loan balance. This may mean you pay more interest over the life of the loan.

<sup>\*</sup> The associated rate includes a margin below or above the applicable reference rate that applies for new lending only.
